

## BALLERINA

Seekell / Lindsey

He was like a dream come true/A white knight come to rescue you/It didn't take him long at all/To lock you behind his palace walls/You used to run wild and free/Now you belong to him

Chorus: Oh ballerina have you seen her/Dancing all around/Careful now don't let them see you/Stumble to the ground/How do you keep smiling/When your whole world's crashing down/Ballerina

Quiet now step so light/Don't make him mad again tonight/Anything to keep the peace/Whatever he says – just agree/Did you think you could change him/Without giving up your soul

Out of all the choices you've been given/Out of all the lives you could be living/Why did you decide to play the part/Of the dancer with the broken heart

## WALKING ON WATER

Seekell / Jock Bartley

He was like a dream come true/A white knight come to rescue you/It didn't take him long at all/To lock you behind his palace walls/You used to run wild and free/Now you belong to him

Chorus: Oh ballerina have you seen her/Dancing all around/Careful now don't let them see you/Stumble to the ground/How do you keep smiling/When your whole world's crashing down/Ballerina

Quiet now step so light/Don't make him mad again tonight/Anything to keep the peace/Whatever he says – just agree/Did you think you could change him/Without giving up your soul

Out of all the choices you've been given/Out of all the lives you could be living/Why did you decide to play the part/Of the dancer with the broken heart

## HANG YOUR HEAD & CRY

Seekell / O'Brien / Rollins

Now that he's got your attention/Now that he said goodbye/Though your heart's gonna break/You've got no time to waste/No, no don't...

Hang your head and cry/Hang your head and cry/Hang your head

Strike a diamond back match to his old love letters/And watch them go up in smoke/Give the Salvation Army his favorite sweater/And girl that's all she wrote/Get back on track/It's time to face the fact/That he ain't comin' back/But you don't have to

Hang your head and cry/He's no good anyway/It's a brand new day/Can't think of one good reason why/You should live with regret/And hang your head and cry

Catch up with old friends that you've neglected/While you were wasting time on him/Yeah, you oughta feel up, kind of resurrected /Cause you got your life back again/Yeah, you've been set free/So get back on your feet/Oh can't you see/That there's no need to

## GOOD, DAY

Seekell / Chris Nole

She picks the wildflowers along the railroad tracks/She looks like her daddy who's never coming back/At noon her mama's still sleeping/So she's quietly singing

Ooh, ooh, ooh, hey, I/It's a good, good day/to be alive

He took his application to the dollar store/He's nervous in his new clothes/As he walks through the door/And old habits die hard/Oh but he's making a new start saying...

Ooh, ooh, ooh, hey, I/It's a good, good day/to be alive

She stares at the water rushing far below/With all the pain around her/She wants to let go/But as her life passes by her/Something deep down inside her/is saying...

Ooh, ooh, ooh, hey, I/It's a good, good day/to be alive

## WHEN I BREATHE

Stephanie Collura-Seekell / Kevin Fisher

I thought our love would last forever/I guess forever only last so long/But now I'm feeling better/Getting over you being gone/So how am I doing?/I'm coming along

I think of you now and then/Like an old familiar friend/Love didn't last/I put it in the past/So I could start my life again/Finally you and me are ancient history/Though once in awhile I tend to smile/At an occasional memory/For what it's worth it only hurts/When I breathe/When I breathe

I guess the truth of the matter/Is you matter much more than I thought/Your kiss haunts me long after/Our brief forever stopped/But I still love you/Whether or not

Some days it's more than I can stand//I breathe you in/But I can't breathe you out

## PRETTY ON THE INSIDE

Seekell / Lindsey

She fell asleep in the arms of a blanket/She's feeling empty as the night/The lonely night/He's out on the town doing her wrong/A million miles away from her tonight/It's just not right/Cause her heart is like a pearl/But to him she's just another girl/Her love is worth it's weight in gold/It's a shame he missed the boat

He can't see

She's pretty on the inside/She's got hopes and dreams/That wanna come alive/All the ugly things/He says to make her cry/They'll never change her/She's pretty on the inside

She gave him every opportunity to listen/To what she wanted to out of life/But he just laughed/Made her feel so bad
